Forecast For West Midlands
Issued by Met Office Exeter
at 1600 on Friday 01 Oct 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Dry overnight before persistent rain arrives Saturday.

This Evening and Tonight:
Clear spells through Friday evening as any isolated daytime showers fade. Then largely remaining dry overnight. Cloud builds through the early hours of Saturday morning with a moderate breeze developing as well. Minimum temperature 7 deg C (45 deg F).

Saturday:
Cloudy but dry to begin. Rain, heavy at times, moving in from midmorning and persisting through the afternoon. Rather blustery winds through the day, notably in the south and east. Maximum temperature 13 deg C (55 deg F).

Outlook for Sunday to Tuesday:
Sunny spells and showers, locally heavy and thundery, on Sunday and Monday. Potential for more persistent rain Tuesday. Generally remaining breezy, though easing slightly on Monday.
